

Brilliant Beginning:
We will explore how we can use pastels to create colour and texture.

English
This term, we will be writing an exploration narrative and a formal report based around the moon landings and the book 'Where Once We Stood'.

Maths
In Maths, we will be focusing on decimal fractions such as tenths and hundredths. We will learn that ten tenths are equal to one whole.

Fantastic Finale:
We will share our space artwork through Dojo

Science focus 1
Our focus will be on space. We will explore our solar system, focusing on the different planets and how they orbit.

Space – The Final Frontier!

Year 5 Term 1

Art focus 2
In Art, we will look at mixed media art and explore how to create texture and form.

PSHE
Our focus is 'Being me in my world'. We will look at the different rights children have and discuss why they are important.

Languages
We will learn how to say basic greetings in French.

RE
In RE, our focus will be on the key question, "What is the best way for a Muslim to show commitment to God?"

Computing
This term, in this unit, learners will develop their understanding of computer systems and how information is transferred between systems and devices.

PE
Our indoor PE will be gymnastics and our outdoor PE will be football.

Music
In music, we will think about how music brings people together. We will also explore how melody and harmony help to make music more enjoyable.
