

Brilliant Beginning:

We will start our topic with a mystery in the darkness. We will see, think and feel what it might be like to travel into space.

English

This term, we will be using the text *The Way Back Home* by Oliver Jeffers. We will start by looking carefully at the characters and props within the story. We will use sentence stems to practice orally rehearsing our sentences whilst describing these characters and objects. Finally, we will write our own, simple 'Journey' stories based on our text.

Maths

This term in Maths we will be reminding ourselves what we know about numbers from Reception. We will be learning about **more** and **less** and using different representations to show this. We will also be learning about partitioning numbers in different ways.

Fantastic Finale:

We will design and make a modern rocket using a range of materials and joining techniques.

We will create a class display with these and our papier mache solar system.

History

This term, we will be looking at a few significant astronauts over time. These include Neil Armstrong, Mae Jemison and Tim Peake. We will look at the impact they have had on space travel and society over time.

Our primary focus will be on how space travel has changed over time. We will compare space craft over time and discuss the idea of space tourism.

To Infinity and Beyond

Owl Class

Science

We will be taking a closer look at our solar system and the planets within it. We will learn about what makes each planets different and take a close look at how the planets orbit the sun. We will be working as a team to create our own Papier mache solar system.

PSHE

This term our Jigsaw Unit it called 'Being Me in My World'. This term we will think about feeling special and safe in our class and discuss our rights and responsibilities. We will discuss rewards and consequences.

DT

This term we will design and create space rockets. We will think about the best materials for this and how we can manipulate them into the required shapes. We will carefully consider how we are going to join these materials to achieve the desired outcome.

Computing

In Computing this term we will be learning about different types of technology. We will think about technology in our classroom and how to use technology appropriately. We will develop our mouse and keyboard skills.

PE

In PE this term we will be looking at the fundamentals of PE for example, running, balancing, hopping and throwing. We will be working as a team to develop our perseverance, independence and honesty.

Music

In music this term we will be looking at a song called Hey You! It is written in Old-School Hip Hop style. We will learn the differences between pulse, rhythm and pitch.

RE

In RE this term we will be looking at the key question What do Christians believe about God? We will be looking at the Creation Story and thinking about God the Gather.
